MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of August, the Department of Human Services received 5,288 applications for Aid to Families with Dependent Children, an increase of 1,215 (29.8 percent) over the number received during July. In comparison with the number of applications received during August of the preceding year, there was an increase of 514 applications (10.8 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 5,030 AFDC applications during August. This number was 60.4 percent of the total applications on hand. It compares with 56.8 percent of the total number on hand for which investigations were completed during the preceding month and 54.2 percent for which investigations were completed the same month of the preceding year. Three thousand two hundred and ninety-two (3,292) (65.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during August, in comparison with 2,634 applicants (65.7 percent of those investigated) approved the preceding month and 2,725 applicants (61.5 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 25.0 percent over the number approved in July and an increase of 20.8 percent over the number approved in August, 1982. The rate of approvals for the AFDC Program decreased from the preceding month by 0.3 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 3.9 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during August amounted to $6,884,914. This was an increase of 1.5 percent over the amount of money payments for July and an increase of 6.2 percent over the money payments for August of the preceding year. Payments were made for 58,564 families with 10 ,838 children at an average grant of $117.56 per family and $66.30 per child. The average grant increased over July by $0.85 per family and $0.41 per child. In comparison with the same month of last year, the average grant showed an increase of $0.18 per family and an increase of $1.02 per child.

CASES CLOSED

Two thousand two hundred and thirty (2,230) AFDC cases were closed during August, a decrease of 9.4 percent from the July closures. In comparison with the same month of the preceding year, the closures showed a decrease of 4.3 percent. Ninety-eight (98) (4.4 percent) of the AFDC cases closed during August were closed because of a change in economic circumstances, chiefly increased earnings, or support from person outside the home, making these cases no longer in need in accordance with the standards of the Department. Two thousand one hundred and thirty-two (2,132) (95.6 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income was in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of September, the Department of Human Services received 4,442 applications for Aid to Families with Dependent Children, a decrease of 846 (16.0 percent) from the number received during August. In comparison with the number of applications received during September of the preceding year, there was a decrease of 292 applications (6.2 percent).

Investigations were completed on 4,436 AFDC applications during September. This number was 57.3 percent of the total applications on hand. It compares with 60.4 percent of the total number on hand for which investigations were completed during the preceding month and 54.8 percent for which investigations were completed during the same month of the preceding year. Two thousand eight hundred and thirty-two (2,832) (63.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during September, in comparison with 3,292 applicants (65.4 percent of those investigated) approved the preceding month and 2,899 applicatns (62.5 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 14.0 percent from the number approved in August and a decrease of 2.3 percent from the number approved in September, 1982. The rate of approvals for the AFDC Program decreased from the preceding month by 1.6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.3 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during September amounted to $6,838,121. This was a decrease of 0.7 percent from the amount of money payments for August, but an increase of 4.5 percent over the money payments for September of the preceding year. Payments were made for 58,432 families with 103,298 children at an average grant of $117.03 per family and $66.20 per child. The average grant decreased from August by $0.53 per family and $0.10 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.51 per family but an increase of $0.75 per child.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of October, the Department of Human Services received 4,542 applications for Aid to Families with Dependent Children, an increase of 100 (2.3 percent) over the number received during September. In comparison with the number of applications received during October of the preceding year, there was a decrease of 166 applications (3.5 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,621 AFDC applications during October. This number was 58.9 percent of the total applications on hand. It compares with 57.3 percent of the total number on hand for which investigations were completed during the preceding month and 56.8 percent for which investigations were completed during the same month of the preceding year. Three thousand and forty-seven (3,047) (65.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during October, in comparison with 2,832 applicants (63.8 percent of those investigated) approved the preceding month and 3,017 applicants (62.1 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 7.6 percent the number approved in September, and an increase of 1 percent over the number approved in October, 1982. The rate of approvals for the AFDC Program increased over the preceding month by 2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 3.7 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during October amounted to $6,900,174. This was an increase of 0.9 percent over the amount of money payments for September and an increase of 4.1 percent over the money payments for October of the preceding year. Payments were made for 58,615 families with 103,635 children at an average grant of $117.72 per family and $66.58 per child. The average grant increased over September by $0.69 per family and $0.38 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.43 per family and an increase of $0.70 per child.

CASES CLOSED

Two thousand three hundred and sixty-eight AFDC cases were closed during October, a decrease of 3.1 percent from the September closures. In comparison with the same month of the preceding year, the closures showed an increase of 3.7 percent. One hundred (100) (4.2 percent) of the AFDC cases closed during October were closed because of a change in economic circumstances, chiefly increased earnings or support from person outside the home, making these cases no longer in need in accordance with the standards of the Department. Two thousand two hundred and sixty-eight (2,268) (95.8 percent of the total number closed) had had no change in economic circumstances, but were closed because gross income in excess of 150 percent of need standard or had moved or could not be located.

Eight hundred fourteen (814) applications processed were Medically Needy, 697 were Aged Categorically Needy, 0 were Blind Categorically Needy, 783 were Disabled Categorically Needy, and 1,742 were Women and Children's applications for Categorically Needy. There were 380 Medically Needy approvals, 471 Aged Categorically Needy approvals, 0 Blind Categorically Needy, 210 Disabled Categorically Needy, and 1,463 were Women and Children's applications approved as Categorically Needy. At the end of October, the workers in the Department had 2,919 applications which had not been disposed of and were pending to next month. CERTIFICATION CASES At the end of September, there were 6,595 income certification cases continued to next month. These cases, added to 223 new cases for October, made a total active case load of 6,818. MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of November, the Department of Human Services received 4,357 applications for Aid to Families with Dependent Children, a decrease of 185 (4.1 percent) from the number received during October. In comparison with the number of applications received during November of the preceding year, there was a decrease of 145 applications (3.2 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,567 AFDC applications during November. This number was 60.2 percent of the total applications on hand. It compares with 58.9 percent of the total number on hand for which investigations were completed during the preceding month and 56.5 percent for which investigations were completed during the same month of the preceding year. Two thousand nine hundred and thirty-seven (64.3 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during November, in comparison with 3,047 applicants (65.8 percent of those investigated) approved the preceding month and 2,907 applicants (62.9 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 3.6 percent from the number approved in October, but an increase of 1 percent over the number approved in November 1982. The rate of approvals for the AFDC Program decreased from the preceding month by 1.5 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.4 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during November amounted to $6,875,224. This was a decrease of 0.4 percent from the amount of money payments for October, but an increase of 2.9 percent over the money payments for November of the preceding year. Payments were made for 58,618 families with 103,711 children at an average grant of $117.29 per family and $66.29 per child. The average grant decreased from October by $0.43 per family but increased $0.71 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.77 per family but an increase of $0.33 per child.

CASES CLOSED

Two thousand four hundred and fifty-three (2,453) AFDC cases were closed during November, an increase of 3.6 percent over the October closures. In comparison with the same month of the preceding year, the closures showed an increase of 14.7 percent. One hundred and twenty-five (5.1 percent) of the AFDC cases closed during November were closed because of a change in economic circumstances, chiefly increased earnings, or support from person outside the home increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand three hundred and twenty-eight (94.9 percent of the total number closed) had had no change in economic circumstances, but were closed because gross income in excess of 150 percent of need standard or recipient initiative.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of December, the Department of Human Services received 3,393 applications for Aid to Families with Dependent Children, a decrease of 964 (22.1 percent) from the number received during November. In comparison with the number of applications received during December of the preceding year, there was a decrease of 595 applications (14.9 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,033 AFDC applications during December. This number was 62.9 percent of the total applications on hand. It compares with 60.2 percent of the total number on hand for which investigations were completed during the preceding month and 59.7 percent for which investigations were completed during the same month of the preceding year. Two thousand six hundred and seven (64.6 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during December, in comparison with 2,937 applicants (64.3 percent of those investigated) approved the preceding month and 2,977 applicants (66 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 11.2 percent from the number approved in November, and a decrease of 12.4 percent from the number approved in December 1982. The rate of approvals for the AFDC Program increased over the preceding month by 0.3 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 1.4 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during December amounted to $6,879,292. This was an increase of 0.1 percent over the amount of money payments for November, and an increase of 1.6 percent over the money payments for December of the preceding year. Payments were made for 58,819 families with 103,873 children at an average grant of $116.96 per family and $66.23 per child. The average grant decreased from November by $0.33 per family and $0.06 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.94 per family but an increase of $0.24 per child.

CASES CLOSED

Two thousand and ninety-three (2,903) AFDC cases were closed during December, a decrease of 14.7 percent from the November closures. In comparison with the same month of the preceding year, the closures showed an increase of 7.4 percent. Ninety-two (4.4 percent) of the AFDC cases closed during December were closed because of a change in economic circumstances, chiefly employment, or increased earnings, making these cases no longer in need in accordance with the standards of the Department. Two thousand and one (95.6 percent of the total number closed) had had no change in economic circumstances, but were closed because gross income in excess of 150% of need standard or recipient initiative.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of January, the Department of Human Services received 4,081 applications for Aid to Families with Dependent Children, an increase of 688 (20.3 percent) over the number received during December. In comparison with the number of applications received during January of the preceding year, there was a decrease of 343 applications (7.8 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 3,891 AFDC applications during January. This number was 60.2 percent of the total applications on hand. It compares with 62.9 percent of the total number on hand for which investigations were completed during the preceding month and 59 percent for which investigations were completed during the same month of the preceding year. Two thousand four hundred and seventy-seven (63.7 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during January, in comparison with 2,607 applicants (64.6 percent of those investigated) approved the preceding month and 2,852 applicants (64.7 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 5 percent from the number approved in December, and a decrease of 13.1 percent from the number approved in January, 1983. The rate of approvals for the AFDC Program decreased from the preceding month by 0.9 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 1 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during January amounted to $6,872,408. This was an increase of 0.2 percent over the amount of money payments for December, and an increase of 3.4 percent over the money payments for January of the preceding year. Payments were made for 58,858 families with 104,034 children at an average grant of $116.76 per family and $66.06 per child. The average grant decreased from December by $0.20 per family and $0.17 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.99 per family but an increase of $0.08 per child.

CASES CLOSED

One thousand nine hundred and forty-six (1,946) AFDC cases were closed during January, a decrease of 7 percent from the December closures. In comparison with the same month of the preceding year, the closures showed an increase of 4.3 percent. One hundred and three (5.3 percent) of the AFDC cases closed during January were closed because of a change in economic circumstances, chiefly increased earnings, benefits or pensions increased, or support from person(s) outside the home increased, making these cases no longer in need in accordance with the standards of the Department. One thousand eight hundred and forty-three (94.7 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF MEDICAL ASSISTANCE

Of this number, 840 were Medically Needy Women and Children, 813 were Aged persons applying for Categorically Needy, 0 were applications for Blind Categorically Needy, 729 were for Disabled Categorically Needy, and 886 were Women and Children's applications as Categorically Needy.

APPLICATIONS DISPOSED OF Investigations were completed on 3,045 applications during the month. Seven hundred seventy-nine applications processed were Medically Needy, 697 were Aged Categorically Needy, 0 were Blind Categorically Needy, 698 were Disabled Categorically Needy, and 871 were Women and Children's applications for Categorically Needy. Of the total number processed, 1,679 (55.1 percent) were determined eligible for Medical Assistance. There were 351 Medically Needy approvals, 501 Aged Categorically Needy approvals, 0 Blind Categorically Needy, 227 Disabled Categorically Needy, and 600 were Women and Children's applications approved as Categorically Needy. At the end of January, the workers in the Department had 3,021 applications which had not been disposed of and were pending to next month. The total pending was made up of 677 Medically Needy applications and for Categorically Needy 1,020 were Aged, 1 was Blind, 718 were Disabled, and 605 were Women and Children.

NURSING HOME CARE (SSI) ACTIVITY

CERTIFICATION REQUESTS During the month of January, workers in the local offices of the Department received 313 initial requests to determine income of SSI recipients in skilled or intermediate care facilities. These requests, when added to the 363 left pending at the end of December, made a total of 676 on hand during the month. Of these, 291 were completed during the month and 385 were pending at the end of January.

CERTIFICATION CASES At the end of December, there were 6,672 income certification cases continued to next month. These cases, added to the 291 new cases for January, made a total active case load of 6,963. Of these, 255 had their benefits terminated during the month because they were no longer eligible, leaving 6,708 cases still active at the end of January.

It compares with 60.2 percent of the total number on hand for which investigations were completed during the preceding month and 51.4 percent for which investigations were completed during the same month of the preceding year. Two thousand six hundred and thirty-five (66.2 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during February, in comparison with 2,477 applicants (63.7 percent of those investigated) approved the preceding month and 2,115 applicants (59.5 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 6.4 percent over the number approved in January, and an increase of 24.6 percent over the number approved in February, 1983. The rate of approvals for the AFDC Program increased over the preceding month by 2.5 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 6.7 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during February amounted to $6,882.083. This was an increase of 0.1 percent over the amount of money payments for January, and an increase of 1.6 percent over the money payments for February of the preceding year. Payments were made for 59,050 families with 104,224 children at an average grant of $116.55 per family and $66.03 per child. The average grant decreased from January by $0.21 per family and $0.03 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.12 per family but an increase of $0.60 per child.

CASES CLOSED

Two thousand and thirty one AFDC cases were closed during February, an increase of 4.4 percent over the January closures. In comparison with the same month of the preceding year, the closures showed an increase of 12.8 percent. Eighty-seven (4.3 percent) of the AFDC cases closed during February were closed because of a change in economic circumstances, chiefly employment, increased earnings, or benefits or pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand nine hundred and forty-four (95.7 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

It compares with 59.3 percent of the total number on hand for which investigations were completed during the preceding month and 62.7 percent for which investigations were completed during the same month of the preceding year. Two Thousand Eight Hundred and Twenty-Three (66.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during March, in comparison with 2,635 applicants (66.2 percent of those investigated) approved the preceding month and 3,245 applicants (65.3 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 7.1 percent over the number approved in February, but a decrease of 13 percent from the number approved in March, 1983. The rate of approvals for the AFDC Program increased over the preceding month by 0.6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.5 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during March amounted to $6,939,400.00. This was an increase of 0.8 percent over the amount of money payments for February, but a decrease of 1 percent from the money payments for March of the preceding year. Payments were made for 59,363 families with 104,647 children at an average grant of $116.90 per family and $66.31 per child. The average grant increased over February by $0.35 per family and $0.28 per child. In comparison with the same month of last year, the average grant showed a decrease of $1.72 per family and a decrease of $0.42 per child.

One Hundred and Fifteen (5.6 percent) of the AFDC cases closed during March were closed because of a change in economic circumstances, chiefly employment, increased earnings, or benefits or pensions increased. One Thousand Nine Hundred and Twenty-Three (94.4 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of April, the Department of Human Services received 3,855 applications for Aid to Families with Dependent Children, a decrease of 82 (2.1 percent) from the number received during March. In comparison with the number of applications received during April of the preceding year, there was an increase of 103 applications (2.7 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 4,015 AFDC applications during April. This number was 63.8 percent of the total applications on hand. It compares with 63.4 percent of the total number on hand for which investigations were completed during the preceding month and 59 percent for which investigations were completed during the same month of the preceding year. Two thousand six hundred and seventy one (66.5 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during April, in comparison with 2,823 applicants (66.8 percent of those investigated) approved the preceding month and 2,549 applicants (64.4 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 5.4 percent from the number approved in March, but an increase of 4.8 percent over the number approved in April 1983. The rate of approvals for the AFDC Program decreased from the preceding month by 0.3 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 2.1 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during April amounted to $6,873,086.00. This was a decrease of 1 percent from the amount of money payments for March, and a decrease of 0.5 percent from the money payments for April of the preceding year. Payments were made for 59,012 families with 104,047 children at an average grant of $116.47 per family and $66.06 per child. The average grant decreased from March by $0.43 per family and $0.25 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.50 per family and a decrease of $0.15 per child.

CASES CLOSED

Two thousand four hundred and fifty (2,450) AFDC cases were closed during April, an increase of 20.2 percent over the March closures. In comparison with the same month of the preceding year, the closures showed an increase of 13.1 percent. One hundred and twenty-five (5.1 percent) of the AFDC cases closed during April were closed because of a change in economic circumstances, chiefly employment, increased earnings or benefits or pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand three hundred and twenty five (94.9 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of May, the Department of Human Services received 3,732 applications for Aid to Families with Dependent Children, a decrease of 123 (3.2 percent) from the number received during April. In comparison with the number of applications received during May of the preceding year, there was a decrease of 8 applications (0.2 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 3,780 AFDC applications during May. This number was 62.9 percent of the total applications on Hand. It compares with 63.8 percent of the total number on hand for which investigations were completed during the preceding month and 58.9 percent for which investigations were completed during the same month of the preceding year. Two thousand five hundred and twenty one (66.7 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during May, in comparison with 2,671 applicants (66.5 percent of those investigated) approved the preceding month and 2,440 applicants (63.8 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 5.6 percent from the number approved in April, but an increase of 3.3 percent over the number approved in May 1983. The rate of approvals for the AFDC Program increased over the preceding month by 0.2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 2.9 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during May amounted to $6,788,587. This was a decrease of 1.2 percent from the amount of money payments for April and a decrease of 1.5 percent from the money payments for May of the preceding year. Payments were made for 58,519 families with 103,105 children at an average grant of $116.01 per family and $65.84 per child. The average grant decreased from April by $0.46 per family and $0.22 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.85 per family and a decrease of $0.07 per child.

CASES CLOSED

Two thousand four hundred and fifty-three AFDC cases were closed during May, an increase of 0.1 percent over the April closures. In comparison with the same month of the preceding year, the closures showed an increase of 20.6 percent. One hundred and ten (4.5 percent) of the AFDC cases closed during May were closed because of a change in economic circumstances, chiefly employment, increased earnings, or benefits or pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand three hundred and forty three (95.5 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of June, the Department of Human Services received 3,626 applications for Aid to Families with Dependent Children, a decrease of 106 (2.8 percent) from the number received during May. In comparison with the number of applications received during June of the preceding year, there was a decrease of 398 applications (9.9 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 3,699 AFDC applications during June. This number was 63.2 percent of the total applications on hand. It compares with 62.9 percent of the total number on hand for which investigations were completed during the preceding month and 55.5 percent for which investigations were completed during the same month of the preceding year. Two thousand five hundred and fifty-four (69 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during June, in comparison with 2,521 applicants (66.7 percent of those investigated) approved the preceding month and 2,421 applicants (65.2 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 1.3 percent over the number approved in May, and an increase of 5.5 percent over the number approved in June, 1983. The rate of approvals for the AFDC Program increased over the preceding month by 2.3 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 3.8 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during June amounted to $6,733,702.00. This was a decrease of 0.8 percent from the amount of money payments for May and a decrease of 1.1 percent from the money payments for June of the preceding year. Payments were made for 58,132 families with 102,447 children at an average grant of $115.83 per family and $65.73 per child. The average grant decreased from May by $0.18 per family and $0.11 per child. In comparison with the same month of last year, the average grant showed a decrease of $0.70 per family and a decrease of $0.08 per child.

CASES CLOSED

Two thousand five hundred and twenty-one AFDC cases were closed during June, an increase of 2.8 percent over the May closures. In comparison with the same month of the preceding year, the closures showed an increase of 2.4 percent. One hundred and eight (4.3 percent) of the AFDC cases closed during June were closed because of a change in economic circumstances, chiefly employment, increased earnings, or support from person outside the home, making these cases no longer in need in accordance with the standards of the Department. Two thousand four hundred and thirteen (95.7 percent of the total number closed) had had no change in economic circumstances, but were closed because they could no longer meet some eligibility requirement other than need, or recipient initiative.
